

ITALY'S CLAIMS TO FIUME UPHELD BY SEN. LODGE

Declares Port Necessary for Her Safety and Protection

WASHINGTON, April 29.—Demands of Italy for the Port of Fiume were upheld tonight by Senator Lodge of Massachusetts, Republican floor leader, in a telegram sent to Italian societies of Boston.

Senator Lodge declared that Italy's demands rested on the ground of her national safety and protection, whereas reasons which had been advanced for turning the port over to the Jugos-Slavs were "purely commercial and economic." He asserted that inasmuch as Italy had sacrificed a half million of her people and burdened herself with heavy debts in aiding France, England and the United States to repel the German onset, he could not see how her request could properly be refused.

The senator said he could not understand why arrangements had not been made for satisfying Italy's desire for military and naval control over the Adriatic and at the same time providing the Jugos-Slavs with a port.

"In the discussions of the terms of peace," said Senator Lodge, "I have always declared that the region known as Italia Irredenta and all adjoining regions where Italian culture and Italian population are dominant should be returned to Italy and that Italy should have military and naval control of the Adriatic not for her own protection but as an essential barrier against any future attempt of Germany to attack the rest of the world. I have also said repeatedly that the Jugos-Slavs ought to have access to the Adriatic which I regard as economically essential to their independence.

"From information given me by an Italian deputation whom I saw last spring in Washington, I was assured that Italy was entirely willing to give portions of the Dalmatian coast containing good ports to the Slav populations of that region. If this be true, as I have no doubt it is, I cannot see why this arrangement should not have been made.

"The past of London, according to the president's statement, provided for the return of Fiume to Croatia, but the dissolution of the Austrian empire has vitally changed the situation and to that secret treaty the United States was not a party. I repeat that I think Italy should make arrangements to secure access to the Adriatic to the Slav populations which I hope will form a united independent barrier state.

"As to Fiume, if Italy is of the opinion that it is necessary to its safety and for her protection that she should hold Fiume, I agree heartily of the opinion that it should be hers, especially as the people of Fiume, I understand, have voted to join with Italy. Italy regards Fiume as the founders of our own republic regarded the mouth of the Mississippi when it was said that any other nation holding the mouth of the Mississippi was necessary an enemy of the United States. I earnestly hope that Fiume may become an Italian possession so as to give her that security to which her enemies and her sacrifice entitle her."

Chicago Officials Urge Increase In Tax Rates

SPRINGFIELD, Ill., April 29.—Tax rate increases of from \$1.20 to \$2.35 in Chicago and of from 45 cents to 55 cents in Cook county were urged upon the legislature in joint session by Chicago and Cook county speakers today. Arguments for the raise in rates were contested against by representatives of civic organizations. Both increases are provided for in bills pending.

In addition, speakers for the city asked the enactment of measures in committee which would triple the bonding power of Chicago by basing the assessed valuation of property upon the full value of the property and not upon one-third of its value as now. The existing statute limits the bonding authority to five per cent of the assessed valuation of property.

Both sets of bills were combatted by Chicago civic bodies. Among the speakers were Frank Shepard, Chicago Association of Commerce, the Chicago Civic Federation, and the committee of one hundred; Harris S. Keeler, bureau of public efficiency; and Ivan O. Ackley, the Chicago real estate board.

All of these men said the city could get along with a two dollar tax rate without impairment of the efficiency of fire or police department or the health service. They declared the additional thirty-five cents sought was for street cleaning and wage increases of doubtful necessity.

Mayor Thompson Present.

The statements of the civic organization representatives followed an address by Mayor William Hale Thompson in the morning in which the mayor declared the city faced a deficit of approximately \$13,000,000 for the year unless relief was offered by the legislature. Mayor Thompson, in answer to queries of Minority Leader Igou, declined to say whether he considered a tax increase necessary. The mayor stated a remedy would be an amendment to the existing law fixing stringent penalties for the "tax dodger."

As a consequence, Representative Igou before adjournment of the house for the day introduced a bill making it a felony and providing a penitentiary sentence of from one to five years for any person who fails to list his personal property at a fair value for tax-making purposes.

Other speakers for the tax rate increase program were Walter D. Moody, managing director of the Chicago plan commission; Jerome J. Dillenhofer, organized city employees, and Simon O'Brien, president of the building trades council of Chicago.

County Officers Present.

Peter Reinberg, president of the Cook county board of commissioners, and Robert W. McKinley, and Judge Charles N. Goodnow, members of the board's finance committee, appeared in behalf of the county rate increase of ten cents to the \$100 valuation. They said the legislature had imposed heavy financial burdens in the way of salary increases, fee increases and special levies on the county without means of relief.

The special commission to recommend revisions in the primary and election machinery failed to finish a report today.

Senator John Bailey, chairman of the special joint committee to investigate high prices of cement, expected to have the findings of his committee ready for publication within two or three days.

Both houses will meet together again tomorrow to continue the hearing on revenue questions. The second day will be devoted to down-state cities, counties and other corporate bodies. It is likely that some time will be given to Chicago and Cook county school bodies and park districts which were not heard today.

HEALTH OF MEN IN RUSSIA GOOD

WASHINGTON, April 29.—Brig. Gen. Wilds P. Richardson, commander of the American forces in northern Russia, in an official report to the war department today, said he had visited all the detachments in the Archangel region and had found the health and spirit of the men good. There was no apprehension at headquarters, he said, respecting the morale of the American forces.

"Consider situation satisfactory both from stand-point of cooperation allies and military operations," the cablegram continued. "The high command is alert to the situation on the Dvina river but without anxiety."

YOKAHAMA FIRE LOSSES ARE LARGE

YOKAHAMA, April 29.—(By The Associated Press.)—The monetary loss in yesterday's great fire estimated at \$5,000,000 yen or approximately \$7,470,000 under the pre-war rate of exchange. Thousands of people are homeless. The loss of life was two killed and 30 were injured. Sixty blocks in the Japanese quarters were burned, including public buildings and houses. It was the most disastrous conflagration in the history of Yokohama.

PEACE TERMS ALL READY TO BE GIVEN GERMANS

Main German Delegation Arrives at Versailles

VERSAILLES, April 29.—(By The Associated Press.)—The main German peace delegation arrived at the Versailles station at 9:30 o'clock this evening and came to Versailles by automobile.

London, April 29.—The Evening Standard claims that it has the highest authority for asserting that William Hohenzollern will be prosecuted and tried not as originator of the war, but as one of the instigators of crimes as provided in the report of the commission on war responsibility.

Paris, April 29.—(By The Associated Press.)—The session of the council of three ended late this afternoon without any decision on either the Japanese or Belgian questions.

A compromise was proposed to Japan with respect to the Kiaochow problem, but no conclusion was reached and it is understood that further consideration will be given soon.

The financial experts of the United States and France were called in while the Belgian delegates were being heard regarding the necessity of earlier payment to them of their share of the reparations. The discussion was left unfinished.

The Reuter correspondent says he learns from Belgian delegation circles that the situation in Belgium is so serious that unless financial aid is received from the allies it may be impossible for the Belgian delegates to sign the peace treaty.

Doubt has arisen whether the responsibility of the former German emperor will be included in the peace treaty owing to the failure of the plenary session to take action on the report of the council of four recommending his prosecution, which was on yesterday's agenda.

Parliamentarians say that the council might still include its report in the treaty but as the subject is one of which a plenary conference ordered the report, inclusion on the report prevents its inclusion in the treaty unless the expected secret plenary session of the conference directs further action.

[By The Associated Press.]

With everything virtually in readiness for the handing over of the peace treaty to the Germans at Versailles, the Italian situation looms large as an impediment in the way of unanimous agreement on the part of the Entente and associated governments.

The situation in Italy still remains critical, the people demanding the fulfillment of the claims of the Italian delegates. It is the situation that Premier Orlando, at a conference with Thomas Nelson Page, the American ambassador to Italy, left Mr. Page with the understanding that the premier did not intend to return to Paris for the signing of the peace treaty.

Great demonstrations have been held in Italy to demand the realization of Italy's aspirations, and Premier Orlando gave the ambassador the impression that, owing to the critical situation and the fact that the premier's action either in going to Versailles or remaining away from the peace conference would have serious consequences, it would be preferable to have the trouble come from without Italy.

The main German delegates are now due at Versailles, but it is probable the peace treaty will not be delivered to them until Friday, as on the previous day, "May-day," a twenty-four strike which will dislocate transportation and communications is on the programme of the labor unions.

The council of three conferred through Tuesday with Baron Makino and Viscount Chinda of the Japanese delegation with reference to Kiaochow, and with the Belgian delegates who are pressing for the payment of their share of the reparations, owing to the urgent financial situation in Belgium. No definite decision on either question was reached.

The British peace delegation has given out its views with regard to that section of the covenant of the league of nations dealing with the Monroe doctrine. It is declared that the Monroe doctrine and similar understandings "have shown themselves to be not instruments of national ambition but guarantees of peace."

It is expressly stated that the Monroe doctrine "has become an international understanding."

It is reported that the first meeting of the league of nations probably will be held in the White House at Washington in October with Woodrow Wilson presiding.

WILSON'S MEMORANDUM TO ITALY MADE PUBLIC

PARIS, April 29.—(By The Associated Press.)—A statement was issued tonight dealing with the memorandum sent by President Wilson to the Italian delegation on April 14 with permission to make it public in Italy and which was given out today in Rome.

A complete copy of the president's statement, under the heading "memorandum concerning the question of Italian claims on the Adriatic," follows:

"There is no question to which I have given more careful or anxious thought than I have given to this, because in common with all my colleagues I am my earnest desire to see the utmost justice done to Italy."

"Through my consideration of it, however I have felt that there was one matter in which I had no choice and could wish to have none. I felt bound to square every conclusion that I should reach as accurately as possible with the fourteen principles of peace which I set forth in my address to the congress of the United States on the eighth of January, 1918, and in subsequent addresses."

Principles Laid Down.

"These fourteen points and principles laid down in the subsequent addresses were formally adopted with only a single reservation by the powers associated against Germany and will constitute the basis of peace with Germany. I do not feel at liberty to suggest one basis for peace with Germany and another for peace with Austria."

"It will be remembered that in reply to a communication from the Austrian government offering to enter into negotiations for an armistice and peace on the basis of the fourteen points to which I have alluded I said that there was one matter to which those points no longer applied. They had demanded autonomy for the several states which had constituted parts of the Austro-Hungarian empire and I pointed out that it was not now left to the choice of the people of these several countries what their destinies and political relations should be."

"They have chosen with the sympathy of the whole world to be set up as independent states. Their complete separation from the Austro-Hungarian empire has given a new aspect and significance to the settlements which may be effected with regard to the eastern boundaries of Italy."

"Personally I am quite willing that Italy should be accorded along the whole front of her northern frontier and wherever she comes into contact with Austrian territory all that was accorded her in the so-called pact of London but I am of the clear opinion that the pact of London can no longer apply to the settlement of her eastern boundaries."

Line Drawn on Pact.

"The line drawn in the pact of London conceived for the purpose of establishing an absolutely adequate frontier of safety for Italy against any possible hostility or aggression on the part of Austria. But Austria-Hungary no longer exists. These eastern frontiers will touch countries stripped of the military and naval power of Austria, settled in interdependence of Austria and organized for the purpose of satisfying legitimate national aspirations and created states not hostile to the new European order but arising out of it, interested in its maintenance, dependent upon it for the realization of their aspirations and bound to a common policy of peace and accommodation by the covenant of the league of nations."

The Adriatic Question.

"It is with these facts in mind that I have approached the Adriatic question. It is commonly agreed and I very heartily adhere to the agreement that the ports of Trieste and Pola, and with them the greater part of the Istrian peninsula should be ceded to Italy, her eastern frontier running along the natural strategic line established by the physical conformation of the country—a line which it has been attempted to draw with some degree of accuracy on the attached map."

STEEL CORPORATION DECLARES DIVIDENDS

NEW YORK, April 29.—Directors of the United States Steel corporation fulfilled popular or least conservative expectations at their quarterly meeting today by passing the "extra" one per cent dividend on the common stock.

In the statement of earnings for the first quarter of 1919 no appropriation was made out of total earnings for federal income and war excess profits taxes.

This is a radical departure from the action taken by the directors at every quarterly session since the middle of 1917, when sums ranging from \$31,600,000 to almost \$102,000,000 were charged off to meet these requirements.

Total earnings for the first quarter amounted to \$33,513,384; net income was \$22,874,429 and a surplus of \$4,822,316 remained after payment of regular dividends of 1-3-4 and 1-1-4 per cent on the preferred, and common shares respectively.

"Within this line on the Italian side will lie considerable bodies of non-Italian populations but their fortunes are so naturally linked by the nature of the country itself with the rest of the Italian people that I think their inclusion is fully justified."

"There would be no justification, in my opinion, in including Fiume or any part of the coast line to the south of Fiume, within the boundaries of the Italian kingdom. Fiume is by situation and by all the circumstances of its development not an Italian, but an international port serving the countries to the east and north of the Gulf of Fiume."

"Just because it is an international port and cannot it with justice be subordinated to any one sovereignty, it is my clear judgment that it should enjoy a very considerable degree of genuine autonomy and while it should be included no doubt within the customs system of the new Jugos-Slavic state it should nevertheless be left free in its own interest and the interest of the states lying about it, to devote itself to the service of the commerce which naturally and inevitably seeks an outlet or inlet at its port."

New States Created.

"The states which it serves will be new states. They will have complete confidence in their access to an outlet on the sea. The friendship and the connections of the future will largely depend upon such an arrangement. The future of the friendship, cooperation and freedom of action must underlie every arrangement of peace if peace is to be lasting."

"I believe there will be a common agreement that the island of Lissa should be ceded to Italy and that she should retain the port of Volp. I believe that it is the duty of the states which the fortifications which the Austrian government established on the islands near the eastern coast of the Adriatic should be permanently dispensed with under international guarantee and that the disarmament which is to be arranged under the league of nations should limit the states on the eastern coast of the Adriatic to only such minor naval forces as are necessary for policing the waters of the islands and the coast. These are conclusions which I am forced to by compulsion of the understandings which underlie the whole initiation of the present peace."

Only Way Out.

"No other conclusions seem to be acceptable to being rendered concise with these understandings. They are understandings accepted by the whole world and bear with peculiar compulsion upon the United States because the privilege was accorded her of taking the initiative of bringing about negotiations for peace and her plans underlie the whole difficult business."

"And certainly Italy obtains under such a settlement the great historic object which her people have so long had in mind. The historical wrongs inflicted upon her by Austria-Hungary and by the master general from invading long series of unjust transactions which sink out of the memory of men are completely redressed. Nothing is denied in which will complete her national unity."

"Here and thereupon the islands of the Adriatic and upon the eastern coast of that sea there are settlements containing large Italian elements of population, but the people under which nations will abundantly safeguard the liberty, the development and all the just rights of national and racial minorities and back of these safeguards will always lie the watchful authority of the league of nations. And at the very outset we shall have avoided the fatal error of making our nearest neighbor on her east her enemies and nursing just such a sense of injustice as has disturbed the peace of Europe for generations together and played no small part in bringing on the terrible conflict thru which we have just passed."

CONVICTS LIBERATED

Saloniki, Monday, April 28.—A large number of convicts have been liberated from the jails of Sofia and have been sent to the region of Strumitza to aid in the Bulgarian campaign of terrorization against the Greek inhabitants, reports from Strumitza says. A Bulgarian official known for his crudities against the Greeks, it is added, has been appointed prefect of Strumitza.

CABLES WILL GO BACK TO OWNERS MIDNIGHT MAY 2

Under Order Issued By Postmaster General Burleson

WASHINGTON, April 29.—Postmaster General Burleson issued an order today returning the American cable systems to their owners, effective at midnight May 2.

The postmaster-general's order issued at the direction of President Wilson, follows:

"The marine cable systems of the United States, and every part thereof, including all equipment and appurtenances thereto whatsoever, and all material and supplies, the possession, control, supervision and operation of which has been assumed by the president by his proclamation of the second day of November, 1918, to be exercised by and through the postmaster-general, Albert S. Burleson, are hereby returned to their respective owners, managers, board, of directors or receivers to take effect on midnight, May 2, 1919."

"Representatives of the postmaster-general now operating said properties will take immediate steps to carry this order into effect."

The postmaster-general, in making public the formal order, issued a statement reiterating his announcement of yesterday that the telephone and telegraph lines, taken over last July, would be returned as soon as legislation could be obtained from congress safeguarding the interests of the owners of the lines. Mr. Burleson emphasized that his views as to the wisdom of government ownership of the land communication lines had undergone no change, but as it was apparent these views were not shared by the new congress, the only step left was to return the system.

Appealed to U. S. Supreme Court.

Government control of the cable lines has been exercised in the midst of controversy. Legal action to restrain the postmaster-general from seizing the lines having been filed in a New York federal court by the Commercial Cable and the Commercial Cable-Pacific Cable companies, who asserted that while the presidential proclamation taking over the lines was signed November 2 the actual seizure was made Nov. 16, 5 days after the signing of armistice, when the companies contended no such action existed. The New York refused to grant the restraining order and appeal was taken to the United States Supreme court.

Arguments have been heard by the supreme court on the appeal and a decision is pending. Court officials intimated tonight that attorneys for the plaintiff companies might seek an agreement with the government to have the case dismissed.

Approval by the president of Postmaster General Burleson's recommendations that the telegraph and telephone lines be returned as soon as necessary legislation be enacted, was announced today at the White house. In the pending legal controversy before the supreme court to restrain the postmaster-general from invading intrastate telephone and telegraph rates, permission was given by the court today to hear arguments on appeals from Kansas and Illinois next Monday when arguments will be heard also on cases from South Dakota and Massachusetts.

TROOPS BREAK UP DEMONSTRATION

LINTON, Ind., April 29.—About fifty shots were fired by state militia troops this afternoon in breaking up a demonstration by sympathizers of the girl operators of the New Home Telephone company here, who have been on strike for several days. No one was reported injured.

The demonstration followed a gathering about the telephone building during which a boy threw a brick which struck a woman. The state troops were ordered to fire and did so with their rifles pointed into the air.

The telephone company this evening bolted the doors and windows of its building. The girls brought here to break up the strike were taken away. The town at 8 o'clock p. m. was quiet.

No Record of Union.

Boston, April 29.—Miss Julia O'Connor, president of the telephone operators' department of the International Brotherhood of Electrical Workers, said today that there was no record in her department of a union at Linton, Ind., where serious disorder was reported in connection with a strike of telephone operators.

RECOMMEND INJUNCTION

Atlanta, Ga., April 29.—The Georgia railroad commission today recommended to Governor Hugh Dorsey that injunction proceedings be started to restrain the Southern Bell Telephone & Telegraph company from putting into effect increases in telephone rates recently authorized by the postmaster-general.

High Priced Foodstuffs Are Going Down

CHICAGO, April 29.—Julius H. Barnes, president of the grain corporation of the food administration, made an assault on high prices today which was promptly reflected on the board of trade in a maximum decline of 11½ cents in the price of corn.

Of possibly more interest to the housewife was the slump in the provisions market. Pork dropped an extreme \$1.80 per barrel while short ribs sides, known to the breakfast table as bacon, declined a maximum of \$1.00 per hundredweight, as compared with the close yesterday.

Mr. Barnes' assault came in the form of a bulletin of announcement to the trade. It abounded in technicalities, but its purport was plain, to wit: that the speculative tendency in white flour must stop.

As evidence of his intentions the president of the grain corporation announced that the corporation would cease buying flour for export (except first clears and victory mixed flours) and that also it would resell at such important centers as New York, Baltimore and Philadelphia flour previously bought for export, the reselling being amply safeguarded in the interests of actual bakers and other legitimate purchasers. He named the price as "\$11.50 lute per barrel."

To Stop Flour Speculation

"The purpose of this," said the bulletin, "is to stop the speculative fever in flour before it becomes necessary to take off all import restrictions on foreign wheat and flour, for there is plenty of American wheat and flour if this speculative tendency is checked."

Mr. Barnes' threat, the trade realized instantly, had back of it the fact that Canadian granaries and elevators are fairly bursting with wheat at the doors of the United States, not to mention the vast stores in Australia and Argentina.

The government long ago, as a war measure, eliminated wheat from the speculative arena, but the fortunes of wheat are proportionately the fortunes of corn, oats and provisions also, and these staples showed the effect of the pronouncement.

Prior to the bulletin the corn market had been wobbling and off a few cents. There were many small buyers in the market on small margins. They were sold out wholesale when the real break came in the afternoon. Prices dropped like a plummet and were near the bottom when the closing gong sounded. Even after that, curb traders were reported offering July corn at 7½ under the official close, which was at \$1.53½ to \$1.54½.

Page Confers With Italian Premier Orlando

PARIS, April 29.—(By The Associated Press.)—Ambassador Page telegraphed from Rome today that he had gathered from Premier Orlando in a long conference Monday that the premier intended to return to Paris for the signing of the peace treaty.

The premier expressed regret that the time was so short before the arrival of the Germans.

This was only one of the disturbing complications presented by the Italian situation as the time approaches for the delivery of the peace treaty to the Germans.

The Italian premier, the telegram added, felt that his action either way would have serious consequences, but it was preferable to have trouble from without Italy rather than from within Italy, because the present state of public feeling in Italy would not justify the signing of a treaty which did not include Italian aspirations.

Ambassador Page said he had taken steps to have the Italian authorities suppress manifestations directed against President Wilson as a result one of the principal demonstrations in Rome was given up.

The indications are that the allies will proceed with the signing of the peace treaty if Italy decides to withhold participation.

The final draft of the treaty is virtually completed. The men in charge of the work say they have no further doubt that they will be able to finish their work by Thursday. The latest count shows a total of 80,000 words in the treaty.

It is in such shape that it could be made public at once, but the intention is to hold it for publication throughout the world at about the same time that the treaty is delivered to the Germans. Various governments are cabling a summary everywhere for simultaneous release when authorization is given by the conference.

FLYERS FALL IN OCEAN, TWO DROWN

Cape, May, N. J., April 29.—While descending in a hydro-airplane here today, Lieut. Begger and Ensign Barron were drowned when the plane fell into Cape May harbor. A third man escaped and swam to the wharf. The two men who lost their lives were caught under the machine.

SUBSCRIPTIONS TO VICTORY LOAN COMING IN SLOW

Total Sales Have Not Yet Reached the Billion Mark

WASHINGTON, April 29.—The nation's contribution to the Victory Liberty Loan moved up \$145,404,000 within the last 24 hours, bringing total sales officially reported to the treasury tonight to \$984,884,150. This is only 21.88 per cent of the sum which must be raised.

That the loan is lagging to some extent appeared to be indicated by comparison with figures of the fourth Liberty loan drive in which subscriptions amounted to \$1,323,716,000 when the campaign reached the same stage.

While devoting most energy at present to the immediate problem of putting the Victory Loan across successfully the treasury is considering the organization of a nation-wide machine for disposing of War Savings Stamps, certificates of indebtedness and future issues of bonds after the Victory campaign.

The treasury also has under consideration further means of discouraging unnecessary sales of Liberty Bonds of past issues and some amount to along this line is expected soon.

The St. Louis district, with 54 per cent of its quota subscribed, is still leading all other federal reserve districts. The total in the district is \$88,388,000. Chicago is second in the percentage column, with 39.9 per cent of its quota raised. The district's subscription is \$202,213,000. The Minneapolis district ranks fifth with a percentage of 22.8 and a total subscription of \$152,000,000. Although the New York district has reported \$224,000,000 subscribed, this is but 16.7 per cent of its quota.

The Cleveland district reported that 600,000 subscribers have already enrolled and the Boston district has sold to 93,800 persons in New England.

The loan headquarters in San Francisco received hundreds of telegrams today from workers of the district saying they would redouble their efforts to pile up a large oversubscription in memory of James K. Lynch, the governor of San Francisco federal reserve bank, who died yesterday.

Chicago District Totals.

Chicago, April 29.—Victory loan subscriptions in the seventh Federal Reserve district tonight totaled \$397,438,900, against a quota of \$652,500,000. The state divisions gained \$13,000,000 in twenty-four hours which Chicago subscriptions for the day aggregated about \$4,730,000.

The divisional totals, according to semi-official figures, tonight were: Illinois \$34,000,000; Michigan \$126,000,000; Iowa \$112,000,000; Indiana \$104,000,000; Wisconsin \$28,000,000; Chicago \$57,438.9.

ASQUITH MAY BECOME AMBASSADOR TO U. S.

LONDON, April 29.—Herbert H. Asquith, former premier is likely to succeed the Earl of Reading as ambassador to the United States according to the Evening News today.

The newspaper says it understood that Mr. Asquith "was informally offered the post a few months ago and declined but not in such a way as to preclude an offer later."

The Evening News states its belief that all the ministers strongly favor Mr. Asquith's appointment and that he may consider it his duty to accept.

MUCH FOOD SENT TO STARVING EUROPE

NEW YORK, April 29.—Since January 1, the United States government has shipped to the hunger stricken millions of Europe more than 1,364,000 tons of food, the special relief service branch of the United States shipping board announced today.

To carry this vast volume of food supplies there has been a fleet of American and chartered foreign vessels, until today a total of 308 ships are engaged, aggregating more than 1,500,000 tons cargo carrying capacity.

A PARK BEAUTIFUL. Members of the park board have weathered much criticism and can now point with pride to their work in Central park. It is certainly a beautiful spot now and with the splendid carpet of grass and the shrubbery wisely located, the scene is one of great contrast to that of a few years ago, when the blades of grass were few and far between. The new lighting system is going to give another needed touch and Central park might well be named "the park beautiful."

STARTING IN FOR WORK.

The reorganized Chamber of Commerce has not definitely outlined its working plan but a good beginning was made last night when a committee was appointed to consider this matter and make a report. It is to be hoped that not too large a program will be outlined, but rather that there may be specialization along some one or two lines. The officers have chosen wisely in naming Henry Frisch as president and W. D. Doying as secretary. Mr. Frisch ranks as one of the most progressive and substantial business men of Jacksonville and Mr. Doying is a man of stability who has the public confidence.

OUR DISABLED SOLDIERS.

What is to be done for our disabled soldiers when they return from the war? In England there is a one-armed telephone manager who was a butcher before the war; a hand boot-maker with no legs, who used to be a laborer; a blind waiter who became a masseur; an armless carpenter who is now a building inspector; an armless bricklayer who is manufacturing aeroplanes; a clerk who lost his

left arm and his right hand, has now become a draftsman; an office boy with his toes gone is now a chauffeur, and a laborer with both legs paralyzed learned to run on 9 looms unaided. The Victory loan will help give our wounded boys a new chance in life.—N. Western Christian Advocate.

HONORING TWO COLLEGES.

At Knox college this week a new president is to be inaugurated and Dr. C. H. Rammelkamp as president of Illinois college will have a part in the ceremonies. It is appropriate indeed that Illinois college should be represented at this time, for it was the college on the hill that furnished Rev. William S. Curtis as a president of the institution in its earlier days.

But the greatest contribution that Illinois gave to Knox was in sending there as president, Dr. Newton Bateman, who was president of the college from 1875 until 1892. Dr. Bateman, whose name is intimately associated with that of Illinois college, was the founder of public school system of Illinois, for fourteen years its first superintendent of schools and thru many years of his life an intimate associate of Abraham Lincoln. So at this time Illinois college is sharing in the glories of Knox which are now truthfully brought to the public mind.

THE STRESS IN OTHER CITIES.

Springfield city officers are very much in earnest in urging Gov. Lowden to withdraw his opposition to the proposed 8 mill tax increase. These officers have told the governor that unless additional tax money can be secured that it will be necessary to abandon several fire stations and to cut the police force down to a very small number. A year ago Springfield people by a small margin declared in favor of an increased tax but under the present law the question must be submitted every year that the additional 8 mill tax is desired. Without the 8 mill tax in addition to the 1.2 cent tax provided by the statute, the city is running behind about \$114,000 a year. The condition which prevails in Springfield is common among cities throughout the state. Many of them in recent years have lost saloon license money, have no special revenue to take the place of this shortage and furthermore especially in the past two year period, have faced enormous increases in operation expenses.

Rippling Rhymes By Walt Mason

Akron.

On thing my panting soul desires, which is to visit Akron town, and see the people making tires, the white and black, the red and brown. I know the notion is a boot's, yet 'twill not from my mind retreat. I'd see them making inner tubes, and rubber up and down the street. I drop my feeble, halting pen, and interrupt my half baked poem, to wonder why the rubber men selected Akron as their home. I wonder if they've grocers there, and editors who print the news, and barbers who will prune your hair, and bootblacks who will shine your shoes? Is Akron much like other towns, or is it in a class alone? Do clothiers sell the hand-me-downs, and butchers saw off lengths of bone I'd like to walk where Akron lies, on shoes that have a non-skid tread, and see the wives make rubber pie, and bakers vulcanize their bread. I hear of Akron every day, I taste that city in my dreams and every hour hear salesmen say, "These Akron tires are surely screams!" I never hear of Akron odes, of Akron music, Akron art; but she has tires for all the loads men pile on lorry, truck and cart. Some time I'll pack my grip and go to see the town of my desires; it's where my hard earned savings go—I'm busting buying Akron tires.

KNIGHTS TEMPLAR IN SESSION

Five candidates were initiated at a special session of Hospitalier Commandery Knights Templar Tuesday afternoon and evening. The session began at 3 o'clock in the afternoon and the work was not concluded until 9:30 p. m. Julius E. Strawn is the eminent commander of Hospitalier commandery and a part of the work yesterday was given by officers of the Petersburg commandery. The bad roads interfered with the coming of a large number of the Menary county men. The visitors here were J. Earl Kincaid, commander; J. Kennedy Kincaid, past commander; Lyle B. Watkins, prelate, and G. L. Sweeney, junior warden.

CAPPS SALESMEN AT DINNER

A number of the salesmen of the firm of J. Capps & Sons Ltd. and members of the firm were entertained at dinner at the Pacific hotel Tuesday night. It was a sort of a fellowship meeting preparatory to the fall sales trips of the men, who are leaving soon. It was a very pleasant social occasion and business matters of mutual interest were discussed. There were a number of non-resident customers who were also guests of the firm, including Martin Bros. of Moberly, Mo., and Joseph Lovinger of Mitchell, South Dakota.

AWAY IN CALIFORNIA.

Mrs. Margaret Hungerford, daughter of John Brown, has left with her nine children for Los Angeles, California where her husband has been for some time. Mr. Hungerford is in poor health and has gone to the Pacific coast hoping for improvement which he likely will receive. He is located at Santa Ana.

TALKED TO MOTORCYCLISTS.

W. R. McLaren, representing the Harley-Davidson Motorcycles Co., of Milwaukee, Wis., was in Jacksonville yesterday and made a talk to a number of motorcyclists last night at the W. H. Naylor garage on West Morgan street. Mr. McLaren discussed lubrication, running, closed mufflers and various other matters of interest to motorcyclists. The men present found the address of a very helpful kind.

APPELLATE COURT FINDINGS

In the appellate court in Springfield yesterday the findings in the following Morgan county cases were made known: People vs. Haxton, judgment reversed. Dodsworth vs. Anderson, judgment reversed. Headen et al. vs. Cohn, decree affirmed. The court also affirmed the judgment in the case of the people ex rel. Wedeking vs. Emke, taken on appeal from Scott county.

The subscriptions received Monday thru the banks of Morgan county for the Victory loan campaign were the smallest for any one day and the total reported yesterday was \$690,550, only slightly larger than the amount reported for the previous six days. Chairman Capps and his associates very earnestly hope that the remainder of the Morgan county quota shall be subscribed this week.

The campaign proper runs until May 10, but the local organization believes that the campaign should close here at the end of this week, with the full quota taken. So citizens are again urged to go to headquarters on West State street, to give their subscriptions to solicitors or thru their banks without delay.

Chairman Capps indicated last night that some investors later on might find it a matter of putting it off too long, as it is unlikely that any effort will be made to more than sell the county quota. The entire issue is limited to \$4,500,000,000 and the oversubscription will be cut down. Never in the history of the nation has there been such an attractive issue as to rate of interest and exemption features, and it is very likely that there never will be again such an investment opportunity. Where there is reluctance to invest it has been generally found to be the result of a lack of understanding of the real conditions, the real opportunity. Loyalty and patriotism both suggest investment in this loan but mere business judgment is the strongest appeal of all.

JUDGE DYER TAKEN SUDDENLY ILL.

A St. Louis paper yesterday contained a notice of the sudden illness of Judge David P. Dyer of the U. S. district court, who is known to a great many Jacksonville people. Judge Dyer was eighty-one years of age and fell in a semi-conscious condition in the elevator of the federal building while going from the first floor to his office on third floor. It required fifteen minutes to restore him to his consciousness and his condition was such that his three sons and daughter were called to his office. Judge Dyer attempted to minimize his illness and said jokingly to a lawyer of slight build who stood near him and who had recently been ill, "you see how much luckier you were than I am. There is so much more of me to get sick. Later Judge Dyer was attended by his family physician and it is now thought that the collapse will not have as serious results as it was at first feared would be true.

PREACHING AT LYNNVILLE SUNDAY.

ELLIOTT BANK BUYS COOK BUILDING

ACQUIRES PROPERTY AT CORNER OF SQUARE AND EAST STATE STREET.

Building Now Under Lease to J. Herman—Will Later Provide Site for Banking House—Elliott Bank Reports Show Growth.

A real estate transfer important in the business life of Jacksonville went on record late Tuesday afternoon, showing that the Elliott State Bank has acquired the square and East State street, now held under lease by J. Herman and occupied by him. The property was owned by Mrs. Ellen H. Cook and the bank has held an option for a number of months. The consideration was \$18,432.

Asked as to the meaning of the transfer yesterday Mr. Frank Elliott, president of the Elliott State Bank, indicated that it is the intention of the bank to at a later date erect a building at the new location. Mr. Elliott and Mr. C. A. Johnson, vice-president of the bank, however made it clear that it is not the intention to build at any time in the immediate future. "We are feeling the need," said Mr. Elliott, "of more commodious quarters. We had opportunity to buy this site which appeals to us as an excellent one, and we thought it the part of good judgment to acquire the property at this time."

It was indicated by the officers that they do not consider this an opportune time to build, and furthermore that no building plans had been perfected. Further Mr. Herman, who has been the tenant of the building thru a period of years, has a lease which will continue for some time to come. It is quite probable that in the course of a number of months the bank may have plans and specifications prepared and work out all general details of the proposed bank building, and affairs will thus be in readiness for actual building operations when the time the bank officers deem satisfactory has arrived.

The Elliott State Bank has long held a strong position in the financial life of Jacksonville, and while it has enjoyed a steady growth thru a long period, in more recent years this development has been very rapid. A reference to the published statement of the bank indicates that in five years' time the resources have increased from \$870,707.45 to \$2,142,303.42. Deposits have grown in a proportionate way, and such an increase in business has of necessity demanded more space. Some time since to meet this situation a structural steel balcony was built for the bookkeeping department and there was also an increase in the desk room in the main floor of the bank. But these changes have not afforded altogether satisfactory working space and this condition no doubt had much to do with the bank management's determination to erect a new building.

Fine Business Location.

The change of location will also be advantageous for the East State street corner has long been known as one of the most desirable business sites in the public square. East State street has always been one of the main business thoroughfares of Jacksonville and in recent years there has been increasing travel there.

The present officers and directors of the Elliott State Bank, who share in the splendid name that this bank has kept secure thru the long years and who are responsible for the management which has meant so much of growth, are:

President—Frank Elliott, Vice president—Charles A. Johnson, Cashier—J. Weir Elliott, Asst. Cashier—J. Allerton Palmer. Directors—John A. Bellatti, Frank R. Elliott, William S. Elliott, Howard L. Doan.

The property which the bank has just acquired has a frontage on the square of 20 feet, 4 inches, and extends to the east approximately 90 feet. At the east end the width is something more than 30 feet, as an ell extends back of the building adjoining on the south.

Some Banking History.

It is interesting to note in this connection that while the Elliott State Bank is not a direct successor to the banking firm of Elliott & Brown, that it was in this

same building that the Elliott & Brown banking firm began business days of Jacksonville.

That firm included Edward P. Elliott, father of Frank Elliott, and Judge William Brown, and it was located in the east part of the building just purchased. Later the business was transferred to the Central Trust and Savings Co. It was some years after he had withdrawn from the Elliott & Brown firm that Mr. Elliott in connection with Mr. Hockenbush and Mr. King, opened a bank in the present site of the Elliott State Bank. Some years afterward the firm name became Hockenbush & Elliott, then the Hockenbush-Elliott Bank & Trust Co. and still later, following the retirement of the late Robert M. Hockenbush, the banking house was organized under its present name of the Elliott State Bank.

The history of this bank is one closely identified with the financial life of Jacksonville, and the growth is indicative of the satisfactory business conditions which prevail in Jacksonville and Morgan county.

FRANK BRACEWELL HONORED BY K. OF P.

Has Been Appointed Assistant to Grand Keeper of Records and Seal, Paul J. B. Haverly—Goes to Work Monday.

Announcement was made Tuesday of the appointment of Frank Bracewell of this city as assistant to Paul J. B. Haverly of Chicago grand keeper of records and seal of the Knights of Pythias of Illinois.

The position came entirely unsolicited on the part of Mr. Bracewell and is a just recognition of his work in Pythianism both in Jacksonville and thruout the state. To J. F. Claus a member of the Pythian Home board and for a number of years representative of Favorite lodge in the grand lodge must be given the credit for this recognition of Jacksonville Pythians as he made a strong and successful plea for Mr. Bracewell.

Frank Bracewell became a member of Favorite Lodge No. 376 in 1910. He immediately began to show a great interest in lodge work and soon was elected to an office and went thru the chairs and is a past chancellor commander. For a number of years he has been instructor in secret work of Favorite lodge.

At its meeting Tuesday evening Jacksonville lodge No. 152 sent a letter of appreciation to Mr. Haverly for the appointment of Mr. Bracewell.

Mr. Bracewell will go to Chicago the last of the week and will enter upon his new duties Monday. The local Pythians will regret to lose him they will write in wishing him success in his new work.

WILFRED AYERS WEDS IN SPRINGFIELD

Former Jacksonville Resident Married Monday to Miss Helen Gladys Alex. of Tallula—Will Reside in Chicago.

The marriage of Wilfred Ayers, son of Mr. and Mrs. J. A. Ayers of this city, and Miss Helen Gladys Alex. of Tallula occurred in Springfield Monday morning at 11 o'clock. The ceremony was performed at the First Christian church, the Rev. William F. Rothburger, pastor of the church, officiating. The young people were attended by Mr. and Mrs. Alvin Keys.

The bride is known to a great many Jacksonville residents as she has frequently been a visitor with friends here in past months. She belongs to one of the most prominent families of Tallula and has by her charming personality won many friends.

Mr. Ayers has been employed in Chicago since his recent discharge from the quartermaster's corps of the army. Prior to enlistment two years ago he was employed at the Ayers National bank in this city. He is a young man of sterling character and he and his bride will have the best wishes of a large group of friends for a happy wedded life. They will for the present make their home in Chicago.

"THE ONE WOMAN"

A "Select Pictures" special production by Thomas Dixon, author of "The Birth of a Nation."

"The Theory of Free Love Is Smashed to Smithereens"

SYNOPSIS

The story of "The One Woman" concerns the career of Frank Gordon, a brilliant young clergyman, who forsakes his wife and home to follow a career of socialism. When he is expelled from his church, Gordon enlists the services of Kate Ransom and later divorces his own wife in order to contract a common-law marriage with this woman. As time passes Gordon is supplanted in his own temple by radicals, even losing the love of Kate Gordon to another man. Heartbroken, and with all his ideals smashed, Gordon kills the man who has won his common-law wife. When he is convicted and sentenced to prison, his former wife begs his release and takes him

THE PARK BOARD.

The Park Board met in regular session last evening with all present except Member Gones.

Notice to construct a sidewalk along the North East street playground was read and the board decided to have it done.

The plan of having a grand greeting and welcome for returning soldiers July Fourth was indorsed and notice given that such a gathering would be very welcome.

It was announced that Mr. Tip-lady who had been here to look over the park had had the original map and plan of the park and had made plans which he was ready to lay before the board regarding shrubs and trees and the secretary was instructed to request him to visit the city and lay his plans before the board.

It was decided to charge seven dollars an evening for occasional dances.

Supt. Hopper reported work progressing in all branches in a satisfactory manner, grass is being cut in the different parks, shrubbery cultivated, a trellis being constructed for the vines on the north side of the pond and a prospect for a lot more cinders this time for the south side drives.

DAMAGE TO FRUIT
AT WHITE HALL

A. L. McClay, Big Apple Grower Estimates Damage to Apple Crop at 25 Per Cent by Recent Frost—Baptist Church Dedication—News Notes.

White Hall, April 29.—Opinion continues to vary as to the extent of the frost damage last Saturday and the aggregate reports shows that damage to tender vegetation has been as extensive as the most radical opinion, meaning that the loss to tomatoes, beans and potatoes, wherever they were sufficiently developed, has been total in spots where the frosts got in its work. In the case of cherries, W. C. Baker has a small orchard at the rear of his home on West Bridgeport street that is a total loss, while at the residence of G. S. Vosseller, immediately across the street south, has a number of trees in his front yard that apparently have not been damaged at all. A. L. McClay, the big apple grower, estimates that the apple crop has been damaged 25 per cent. The apples had just begun to form, and the chill of 26-degree weather may cause them to fall, a contingency that will require a day or two yet to determine, but opinion in general is that the McClay estimate of the apple damage is ample.

Baptist Church Dedication

The new Baptist church at Mt. Zion, located seven miles east of Sedora, Mason county, was dedicated Sunday by the Rev. J. O. Raines of this city, secretary of the Baptist Missionary Convention of Illinois. There was a large attendance in spite of the rain. Rev. Mr. Raines arrived home Tuesday morning.

The new structure has a seating capacity of about 400, and is a one-story frame, with a basement underneath the whole structure, which accommodates the hot-air furnace with room for gathering and storage. Ample equipment has been provided for all necessary purposes, including seating, carpets, piano, etc. The total cost is approximately \$4,000.

The church is located across the road from the old neighborhood cemetery. The church was organized April 16, 1842, in the Ashurst school house, just north of the present site. In 1850 the first church building was erected on the present site, and of the fifteen charter members not one survives. Some of the prominent pastors of the Central Illinois Baptist Association are mentioned in the records of Mt. Zion church, including John L. Turner, John L. Daniel, H. P. Curry, P. G. Blount, George Hart all deceased. The present pastor is Elder George W. Boyd of Virginia.

Rev. Raines delivered the dedicatory sermon and raised the money. The dedicatory prayer was by Elder G. L. Huggins of Marshall, Ill. Other ministers participating were G. W. Nichols of Salisbury, E. B. Ashurst of Sedora, Scott Sutton of Easton, Pastor Brookings and Elder Hughes of Kilbourne. This is the thirty-fourth dedication of Baptist churches that have been conducted by Rev. Raines, and in not one instance has he failed to raise the required amount.

White Hall Miscellaneous.

The White Hall high school has chosen the representatives to the county meet to be held at Greenfield on May 17. The literary representatives are as follows: oration, Lyndall Rose; declamation, Ethel Wenken, vocal, Mildred Mosier; violin, Doris English; piano, Lois Camm.

The annual play by the senior class was held in the Princess theatre Monday evening. These annual events are for the purpose of raising funds for the memorial of the graduates on their departure from the school.

Scott B. Evans is here from East Moline this week. He is still in the printing business. Last Sunday he made a short talk in the Methodist church in connection with the I. O. O. F. Centennial sermon, he being one of the

Methodist four-minute speakers. The fact that Mr. Evans has become sincerely active in the Methodist affairs took his old home friends with agreeable surprise.

S. Gropp, who is suffering with carbuncles, was moved to Our Savior's hospital at Jacksonville, where he will have better advantages for proper treatment. Mr. Gropp is 82 years of age, a veteran of the Civil War.

The local Eastern Star chapter is making extensive preparations for the observance of its fiftieth anniversary next Thursday evening, when a large number of visiting members will be entertained at dinner in the chapel of the Presbyterian church.

The Tabernacle Baptist church is raising funds for the purchase of a bell. This church is located in the east part of the city in the factory district. The church is a splendid one, but has never had a bell.

Forty local Odd Fellows went to Greenfield Saturday and conferred the degrees on a class of candidates from White Hall and Greenfield. On Sunday evening special Centennial services were held in the White Hall M. E. church, the discourse being delivered by Rev. Leo Howard, the pastor, and there was a short talk by Scott B. Evans of East Moline.

Dr. E. L. Crouch having returned from the military service has opened an office in the Ayers Bank Building, Room 604. Practice limited to Internal Medicine. Phone 435. Residence Colonial Inn. Office hours 9 to 12 m. and 1 to 5 p. m. and by appointment.

EASTERNERS HERE TO VISIT RELATIVES

Rev. and Mrs. E. C. Pires are here from Erie, Pa., for a visit with relatives. They are now at the home of Mr. Pires' mother, Mrs. E. N. Pires of 1074 North Main street. Mr. Pires will return in a few days to his duties as pastor of the Presbyterian church at Erie. This church has a membership of more than 900 and is one of the largest in that part of the state.

Mrs. Pires will spend several weeks in the city at the home of her parents, Mr. and Mrs. M. G. Fernandes on Pine street.

The Salem Ladies Aid will hold an all day meeting Thursday at the home of Mrs. Howard Cully. Mrs. Cully, Mrs. F. L. Green and Mrs. Robert Hopper will be the hostesses.

**G. O. P. Leaders
Discuss Revised
League Covenant**

WASHINGTON, April 29.—Republican leaders in the next senate today took steps toward ascertaining party sentiment toward the revised league of nations covenant and toward the unification of all Republican senators on the course to be pursued when the peace treaty including the covenant comes before the senate for ratification.

The attitude of the Republican senators will be decided at a party conference to be held prior to the convening of congress. Until this conference, the Republican members were advised today in telegrams sent by Senators Lodge, of Massachusetts, floor leader, and Curtis of Kansas, whip, to withhold final expression of opinion.

Although a number of conferences were held by the Republican senators now in Washington today, no indication was given out as to the attitude that would be taken toward the covenant.

Senator Lodge, who will be chairman of the foreign relations committee of the next senate, gave the first intimation of his opinion as to the revised covenant in the following statement tonight:

"I am not prepared to make a statement in regard to the new draft at this moment, because I desire to examine it carefully and compare it with the former draft and also to confer with my colleagues for it is obvious that it will require further amendments if it is to promote peace and not endanger certain rights of the United States which should never be placed in jeopardy."

Senator Lodge conferred today with Senator Borah of Idaho, one of the leading critics of the league of nations proposal, and who has announced that he could not support the covenant despite its revision. The Idaho senator said the discussion had been entirely satisfactory.

Senator Lodge later conferred with Senator Brandegee of Connecticut, a Republican member of the foreign relations committee. This conference was followed by a meeting of Senators Borah, Johnson of California, and Norris of Nebraska. Although it was admitted that the league of nations covenant had been discussed, no announcement was made as to the course of the discussions.

Further conferences between Republican senators will be held tomorrow.

**SEN. HARDWICK'S WIFE
INJURED BY BOMB**

ATLANTA, Ga., April 29.—Mrs. Thomas W. Hardwick, wife of former Senator Hardwick of Georgia, was burned about the face and a negro maid had both hands blown off by the explosion of a package received thru the mails today and believed by Mr. Hardwick to have been an infernal machine.

It was learned that the supposed bomb was enclosed in a package the wrapper of which bore the inscription "Gimbel Brothers, 32nd and Broadway, samples," and was postmarked New York. Police officials recalled that a bomb bearing a similar inscription was received yesterday at the office of Mayor Ole Hanson in Seattle.

No Investigation Started.
New York, April 29.—Isaac Gimbel, president of Gimbel Brothers, said tonight that he attached no importance to the fact that the bombs mailed in New York to Senator Hardwick and Mayor Ole Hanson of Seattle, wrapped in paper bearing the name of his company.

Mr. Gimbel said no investigation had been started at the store to trace the bomb wrappers, asserting that such an investigation would be futile unless clues other than the wrappers could be furnished.

ROME, April 29.—(By The Associated Press.)—The chamber of deputies tonight voted confidence in the cabinet by a count of 382 to 40, the latter votes being cast by Socialists.

COPENHAGEN, April 29.—(By The Associated Press.)—There have been noisy anti-American demonstrations in Flume; American officers were booed in the streets, according to a report received by way of Germany, and British and French troops maintained order with great difficulty.

PARIS, April 29.—(By The Associated Press.)—The British prime minister has again intervened in the Italian situation by sending one of his trusted associates to communicate personally with Premier Orlando at Rome.

PARIS, April 29.—The supreme economic council Monday passed upon measures for feeding Germany and the northern neutral countries and Switzerland. It was announced that the naval armistice authorities have removed restrictions on German fishing in parts of the North Sea.

BIRMINGHAM, Ala., April 29.—Seventeen miners were killed and seven others injured, four probably fatally, by an explosion of coal gas today in a mine of the Majestic Coal Mining company, 22 miles north of Birmingham. A number of miners were entombed by the explosion but were taken out by rescue teams.

SPRINGFIELD, Ill., April 29.—This county boards have no power to appoint county attorneys is the opinion of the appellate court for the third district in an opinion handed down today in the case of John Abbott against the county of Adams. The court holds that the power to appoint special attorneys lies in the courts, and that the state's attorney can hire counsel to assist him in cases.

**MANY SPEAK AGAINST
FEDERAL OWNERSHIP**

ST. LOUIS, April 29.—The chamber of commerce of the United States, thru a score of speakers and half as many committee reports, today went on record as opposed to government ownership, but in favor of government control, denounced manufacturers who seek to prolong war profits, urged fair dealing with labor, and predicted "a rainbow of greater prosperity" at the end of the readjustment period.

Speakers pointed to the urgent need of an extra session of congress to deal with vital domestic problems and declared they expressed the sentiment of half a million business men represented by the chamber when they asserted that the nation's progress is being blocked by lack of congressional and executive action.

Harry A. Wheeler, president of the Chamber, was applauded when he advocated President Wilson's immediate return to his country. In warning against high prices, President Wheeler said if capital is taking an abnormal profit, "labor has an equal right to demand an abnormal wage, and the public will be the sufferer."

Julius H. Barnes, president of the great corporation of the food administration, tonight explained the government's policy in dealing with the grain trade.

At a meeting of the Industrial Production group, George N. Peek, chairman of the industrial board of the department of commerce, in an address declared that refusal of agencies of the government to cooperate in the movement to stabilize prices at a lower level, based upon a scientific determination of costs and consideration of all interests involved, would be fraught with grave consequences to the country.

**MAY 4TH PROCLAIMED
"EMPLOYMENT SUNDAY"**

SPRINGFIELD, Ill., April 29.—Governor Lowden, in a proclamation tonight, designated Sunday, May 4th, as "employment Sunday" in Illinois. The proclamation says:

"The church organizations of the country have united in designating Sunday, May 4th, as 'employment Sunday.' These organizations were of untold benefit in the great work of transferring our young men from civil pursuits to the colors. And now that these young men are returning victorious to their homes, it is just as important that they find at least as good places as those they left in civil life to serve their country. The employment service of Illinois is doing its utmost towards the accomplishment of this. The churches can be of great value in co-operation with our employment office."

He earnestly urged that the churches of our state generally observe Sunday, May 4th, as "employment Sunday." A mighty stimulus can go out from the churches to the people in every community to see to it that every returning soldier shall find a place equal to or better than the place he left."

REPORT EARTHQUAKE.

Washington, April 29.—The state department was advised today that a severe earthquake occurred in Salvador at 1 o'clock yesterday morning, causing 40 deaths, injury to many persons and considerable damage to property. No Americans were reported injured.

Walter DeShara, Associated Press operator in the Journal office has returned from a two weeks visit with relatives in Chicago.

Social Events**Monday Club Members****Enjoy Luncheon.**

Members of the Monday club were delightfully entertained by Mrs. W. D. Doying at a luncheon Tuesday. The affair was planned in honor of Mrs. Stanley Quisenberry of St. Louis, a former member of the club. Spring flowers were used for the decorations, purple and yellow being the predominating colors in dining room. The reception room was decorated with tulips, a great profusion of these beautiful flowers having been sent by Mrs. W. L. Fay from her garden.

Luncheon was served at 1 o'clock by the hostess and several hours afterward were spent in playing bridge. All the club members were present except Mrs. W. H. Stull, who because of a sprained ankle was unable to come.

East Side Tuesday Club**Met With Mrs. Hocking.**

The East Side Tuesday club met with Mrs. George Hocking, 466 South Main street Tuesday afternoon with a good attendance. Miss Elizabeth Laurie presented a paper on "Our Vanishing Birds." Mrs. T. O. Hardesty read a paper on "Boots and Shoes from Strange Skins." Both of these papers proved of great interest. Mrs. Hardesty told of the use of Porpoise, Whale and other skins which heretofore have not been used but are now being substituted in the manufacture of boots and shoes. Following the program a social hour was enjoyed. The next meeting will be held with Mr. J. Marshall Miller, May 27.

Orleans Country Club Meets.

The Orleans Woman's Country club met with Mrs. Frank E. Drury Tuesday afternoon at 3:30 o'clock. The unfavorable weather conditions interfered with the attendance, but there were thirteen members present to enjoy the afternoon program. A feature especially enjoyed was a group of selections on the Victrola, following which the members responded to roll call with current events. Several members were to have presented papers but the limited attendance made a change in program necessary. Mrs. Henry Stewart gave an excellent paper on "Earthquakes and Volcanoes."

During the afternoon the hostess served delicious refreshments. The next meeting will be at the home of Miss Ada Vasey on Tuesday, May 13.

**O. F. CONKLIN RETURNS
FROM NORTHERN TRIP**

O. F. Conklin returned last night from a trip to Chicago and Grand Rapids, Mich. He went first to Chicago where after transacting business he went to the Michigan city to visit his brother, William P. Conklin. Mr. Conklin said that near Grand Rapids it had rained so much the ground was covered with water so that farmers could not plow. He also said that the wheat from fifty miles north of here up into Michigan looked bad. From fifty miles north down to Jacksonville Mr. Conklin said he never saw better prospects for wheat. He reports two hard freezes in Michigan and came home to see some good weather.

**JAPS WILL COOPERATE
WITH RUSSIANS**

NEW YORK, April 29.—Japan stands ready, when peace is restored in Siberia to co-operate with the Russians in the development of the country but will not deviate from its announced policy of non-interference with Siberia internal affairs, declared Baron Shimpei Goto, former Japanese minister of foreign affairs, here tonight.

If the Russians should invite assistance, said the baron, addressing the council of foreign relations, Japan would apply to Siberia the policies which he said had brought Manchuria and Korea from mediaval obscurity to active places in the world of modern trade and industry.

Declaring that Japan's policy in sending troops to Siberia was identical with that of America, entailing respect for Russia's territorial integrity and internal politics, Baron Goto said:

"As far as Japan is concerned, she has a definite idea as to the course she should follow in Siberia. She is Russia's immediate neighbor in the east. And no nation can be more anxious in the regions across the Japan sea. No nation would welcome more gladly than Japan an opportunity to contribute a widow's mite toward the great task of development which awaits the efforts of the Siberian people."

CHARLES W. CLARK IN SONG RECITAL

Famous Baritone Received With Enthusiasm by Audience in Program One of Varied Character.

A fairly large audience gathered last evening in Music Hall of I. W. C. to hear Charles W. Clark, one of the greatest baritone in the country, on song recital. Mr. Clark is especially renowned for his work in oratorio and as a song recitalist and was absolute master of his program at all times.

The oratorio group from Handel, Haydn, and Mendelssohn was given with fine authority, splendid discrimination of styles and tonal beauty. Mr. Clark has been called the greatest interpreter of the part of Elijah in Mendelssohn's oratorio of that name, in the country, and his singing of the "Hallelujah Chorus" fully bore out that reputation.

Thru his long residence in Paris where he was one of the leading teachers and singers for twelve years, Mr. Clark has acquired a mastery of French song rarely equaled and his French group was a genuine treat. In beauty of

diction, delicacy of nuance, and clear conception of style it left nothing to be desired.

For years Mr. Clark has been known as one of the most active and vigorous champions of the American composer and it was only fitting that the larger part of his program should be devoted to the work of his talented countrymen. These songs were excellent examples of modern American song composition and each was given just the interpretation demanded by text and treatment.

The group by Richard Czerwony, formerly concertmaster of the Minneapolis Symphony Orchestra found instant favor with the audience and the singer was forced to repeat three last one as an encore.

Mr. Clark's voice is one of wide range, great variety of nuance, beauty of tone and genuine expressive quality and is at all times fully under the control of the singer. He was graciousness itself in the matter of encores adding five numbers to the already long and taxing program, and the audience would gladly have listened longer. It is safe to say that rarely has a more delightful and satisfactory recital been offered to the music lovers of Jacksonville and it is to be regretted that the inclement weather kept so many away.

The accompanist of the evening was Mr. Adolph Ruzika, whose work was satisfactory at all times. The program in detail was as follows:

- (a) Where'er You Walk, Handel
- (b) Rolling in Foaming Billows, Haydn
- (c) It is Enough, Mendelssohn
- (d) O Think of Me, Richard Czerwony
- (e) We Two, Richard Czerwony
- (f) A White Rose, Richard Czerwony
- (g) Tender Thoughts, Richard Czerwony
- (h) Mary Darling, Richard Czerwony
- (i) Les Beaux Jours, Faure
- (j) Celle que Nous aimons, Cuvillier
- (k) Les Cloches, Debussy

J. C. WALSH COMING HOME SOON

J. C. Walsh of the Walsh Electric Co. has been in the overseas service of the army for the past year and in a recent card to the Journal Co. dated at Marseilles, France, he sends Easter greetings and indicates that he expects to be soon homeward bound. Mr. Walsh, who is an expert electrician, has had special work in the army service, the government taking advantage of his technical knowledge. He is one of the fortunate soldiers who has received his mail with a fair regularity and so has been able to keep quite well in touch with affairs in Jacksonville.

SPECIAL FEATURE AT LUTTRELL'S TOMORROW

The special Mastercraft production, "The One Woman," by Thomas Dixon, will be presented by Select Pictures at Luttrell's Majestic Theatre tomorrow.

"The One Woman" is a thrilling story of love, religion and politics, concerning the faithful devotion of the "one woman" and the misguided career of Frank Gordon, a young clergyman, who leaves his wife and family to follow the advice of Kate Ransom.

Gordon holds the pulpit of a fashionable New York church, but as his leaning toward socialism becomes more pronounced, he is asked to resign. His only comfort is Miss Ransom, who finally urges Gordon to solicit funds for the erection of a "temple of man." At last Gordon is successful in obtaining the money, and before the new temple is completed he divorces his wife and enters into a common law agreement with Kate. When the temple is dedicated Gordon is proclaimed a leader of men. The time comes, however, when one of his radical lieutenants takes steps to bring a vote against inscription. Gordon protests, but he is overruled, and in the end he leaves the church broken-hearted, several of his ideals already having slipped from his grasp.

When Gordon reaches his home he finds his common-law wife in the arms of another man. He struggles with the man who thus attempts to break up his home and in the fight he kills him. Gordon's former wife in the meantime still lives him, and when Gordon is sentenced to prison for the remainder of his life, his former wife goes to the governor and obtains his pardon. Thus, the "one woman" takes back to her heart the man who has turned against her and has sinned before the whole world.

REV. J. R. SMITH VISITOR IN CITY

Pastor of Olive Branch Congregational Church of St. Louis Visited Relatives Tuesday—Is Deeply Interested in Indian Problem.

Rev. James R. Smith, pastor of Olive Branch Congregational church of St. Louis, was in the city yesterday visiting his cousin, Mrs. Hattie Landers and family on West State street. The gentleman is deeply interested in the Indian problem and belongs to the conference which has a care for seven tribes, Pimas on the south, Navajos, on the north, Pueblos on the east, Mohjaves on the west and the Papagoches, Apaches and Hopis.

Like many others who are acquainted with the Indians at first hands, he says most cruel injustice has been done them. There was a law known as the Dawes act, which forbade any one owning government land as long as there were unallotted Indian tribes to occupy it. For ten years scheming cattle and sheep men succeeded in having this held up and the Navajos were crowded away out of the pasture lands they had for their sheep all they are well on the Arizona desert. President Roosevelt and Prest. Taft saw to it that their rights were restored though it cost much to accomplish it. One trespasser went to Washington and made a bitter complaint against the missionaries who had stood up for the red men but the missionary turned on him and accused him of burning the home of an Indian and driving the helpless inmates away from the muzzle of a Winchester and the fellow cowed down in good shape.

The great work of the organization is to secure teachers and preachers to lead the Indians in the way of intelligence and righteousness. Mr. Smith has the picture of a wretched, miserable looking girl whom they took into their care and another of the same showing her a finely dressed and well appearing young woman, now an interpreter and teacher highly honored and beloved. He says the law provides that for thirty Indian children there shall be a school. The Navajo number between 30,000 and 35,000 with 6,000 children of school age and not one third of them receiving instruction.

The government has allotted the organization 62 acres near Flagstaff and there from Aug. 7th to 21st they have their annual gathering or conference and there the converted Indians come, the teachers and missionaries. Not long since one veteran who had served the red men over forty years went to his final reward. There they have a dormitory for women and hope to have another for men. The tribes represented and mentioned above are scattered thru New Mexico, Arizona and California.

The Navajos are a nomadic tribe living in wigwams or temporary structures. They are subject to many diseases incident to their habits and morals. They roam about, mostly in Arizona, have flocks of sheep and eke out a precarious existence but manage to get along. They have a fear of death and when a person passes away the place in which the death took place is deserted and the body left there.

P. Laning, treasurer of the Foreign Missionary Society; Mrs. R. R. Stevenson, Mrs. J. H. Morphis, and Mrs. Robert Cunningham.

Mrs. A. M. Cunningham, a missionary from China now visiting with a relative in this city, will make an address before the Foreign Missionary society.

Mrs. Ensley Moore and Miss Anna Kinzie Moore will go to Springfield today and this evening Mrs. Moore will proceed to Decatur, where she will attend a meeting of the executive committee of the Women's Presbyterian societies of the Springfield Presbytery.

WILL MEET TODAY

The ladies of Northminster church will hold their April birthday social this afternoon at the home of Mrs. Grace Ferreira on East Morgan street.

Matrimonial

Volner-Murgatroyd.

Married Tuesday evening at the Church of Our Savior, Rev. Father Formaz officiating. Bert S. Volner and Kathleen Murgatroyd. The couple were attended by Miss Mayme Kelley and Louis Murgatroyd. The bride is the daughter of Mr. and Mrs. W. T. Murgatroyd, of northwest of the city. The groom is the son of Mr. and Mrs. George Volner of Perrigo. He is an engineer, employed by the Illinois Central Railroad Co. The couple will make their home at East St. Louis, following a two weeks trip to points in Ohio.

Corao-Fernandes.

George L. Corao and Miss Margaret Fernandes were united in marriage at the home of the bride, 816 Doolin avenue Tuesday evening at 8:30 o'clock. The ceremony was said by the Rev. J. H. Morphis, pastor of Northminster church and was witnessed by a company of about twenty-five relatives and intimate friends. They were unattended.

The bride is the daughter of Mr. and Mrs. John Fernandes of 816 Doolin avenue and was born and reared in this city receiving her education in the public schools. She is a member of the choir and is active in all branches of church work. She is a young woman whose charm of manner has won for her many friends.

The groom is also a native of this city. He is a salesman in the employ of Brady Bros., and is highly esteemed by both his employers and fellow clerks. He is also a member of Northminster church and is a young man highly regarded by all who know him. Mr. and Mrs. Corao will begin housekeeping at once in the Corao homestead which the groom already had prepared for his bride.

Following the ceremony the company extended hearty congratulations and a lap supper was served.

CHAMBER OF COMMERCE DIRECTORS PLAN WORK

Henry Frisch Named President and W. D. Doying Secretary—Committee on Organization to Report Next Tuesday.

Directors of the Chamber of Commerce who were elected a week ago met last night in the Hockenull building on East State street for organization and conference. Henry Frisch was elected president and W. D. Doying secretary. A committee on organization was appointed, including Frank J. Waddell, Judge Paul Samuel and Cleon Bell. This committee is to report at another meeting to be held Tuesday night. At this time this committee will suggest an organization plan—that is, will make a report whether the old plan shall be followed or something less comprehensive followed out. A membership committee will also be appointed at a later date and other committees in accordance with whatever plan of work is outlined and adopted.

Practically all of the directors were present and the conference was of a very satisfactory kind, all in the company taking a hopeful view of the prospects and possibilities for the organization.

With the Sick

Miss Bess Hadden of the Farrell & Company bank, who went to assist in office of the Victory Loan organization, is ill at Mulhally Hospital, but is now recovering. Miss Hadden narrowly escaped pneumonia.

A. H. SCROGIN LONG ACTIVE IS MASONRY

Late Grand Master of Illinois Lodge—First Farmer to Hold That Position—Stricken While Attending Funeral.

The funeral of Austin H. Scrogin, grand master of the Illinois Masonic lodge, was held Tuesday afternoon at his home two miles north of Lexington in McLean county.

The Bloomington Pantagraph gave the following notice of the death of Mr. Scrogin which occurred late Saturday afternoon: Austin H. Scrogin, grand master of the Illinois Masonic lodge, died at his home, two miles north of Lexington, shortly before 4 o'clock Saturday afternoon. He was stricken with a sudden attack of heart trouble at 3:40 o'clock on his way to Lexington to attend the burial services of L. S. Van Dolah, and died a few minutes after being taken to his home.

Mr. Scrogin fell out of line and was by the roadside while the funeral procession was en route to the cemetery, where Masonic services were held. He was rushed to his own home in an automobile. Physicians were summoned to his bedside, but he died a few minutes later.

Austin H. Scrogin was elected master of the Illinois grand lodge in October, 1917, and was re-elected in 1918. He is the first farmer upon whom the distinction has ever been conferred by the Illinois grand lodge.

Mr. Scrogin has long been associated with the work of the grand lodge and the supreme council and was widely known in Masonic circles throughout the state and nation. He was a member of Bloomington Consistory and associated bodies and became a thirty-third degree Mason a number of years ago.

Born at Lexington, Ill., May 12, 1855, Austin H. Scrogin has been one of the most prominent citizens of that community. He attended the public schools at Lexington, graduated from Shurtleff College at Upper Alton and later attended the University of Chicago. He was married March 2, 1885, to Edith Dreble at Lexington. Besides his wife he leaves four children: Mrs. Fred McCally, at Decatur; Mrs. W. K. Brown at Newark, N. J.; Rose and Nan Scrogin at Lexington. Two sons, Austin H. and John M. died several years ago. Mr. Scrogin also leaves two brothers, Arthur J. and Charles P. Scrogin, at Lexington, and two sisters, Mrs. Carrie Enlehard, at Chicago, and Mrs. Lois Coday in Bloomington. He was a member of the Baptist church.

His Masonic career began at Lexington twenty-nine years ago, when he became a member of Lexington lodge No. 482, and immediately after became active in the work of the lodge. Twelve years ago he became a member of the Scottish Rites bodies in Bloomington and five years ago received the honorary distinction of membership in the supreme council when the thirty-third degree was conferred upon him at Boston. He was also Knight Templar and a member of the shrine.

Dan Fitzgerald of Normal, deputy grand master, will succeed Mr. Scrogin as grand master until the next annual meeting of the Illinois grand lodge in October.

JURY RETURNS VERDICT IN BOOTLEGGING CASE

Finds Alfred Barnes Not Guilty of Selling Liquor in Local Option Territory—Only Out a Few Minutes.

In the county court Tuesday the jury in the case of the people vs. Alfred Barnes charged with selling liquor in local option territory returned a verdict of not guilty after but a few minutes deliberation.

The case occupied most of the attention of Judge Samuel during the day. States Attorney Robinson appeared for the people and Walter W. Wright represented Barnes.

The jury was composed of Albert Gray, Robert Reed, Bertram Ehrgott, Terrence Sloan, Otto Eckles, H. Hering, J. W. Rawlings, L. Z. Virgin, Carl Litter, A. C. McClester, J. C. Lair and Fred Faust.

The instructions were read to the jury by the court and it retired shortly before 5 o'clock. After but a few minutes deliberation the jury returned a verdict acquitting Barnes of the charge.

THE NATIONAL HOLIDAY

The Glorious Fourth: Suggestions Regarding Its Celebration.

The Nation's Birthday is approaching and its observance is a matter that should be taken under advisement at once. In conversation with Miller Weir yesterday the latter said he had been advised that there was some talk of a welcome to returning soldiers Decoration Day but it seems to him that such was hardly desirable and he suggested the Fourth of July as a far preferable date. The gentleman was very enthusiastic and earnest on the subject and had in mind a program worthy of the occasion.

Let the whole county unite in a grand celebration at Nichols Park and have it a day worth while have a free dinner to all returning soldiers at least, and possibly their families, issuing tickets for that purpose. Let everybody else in the county come prepared for picnic dinner or get their meal from the regular caterers on the ground and have it an occasion never to be forgotten.

First and foremost he would have the Grand Army the chief guests of the occasion, to lead the procession with Major McDougall as chief marshal. Mr. Weir especially insisted on this. He said he didn't forget the way the old boys turned out, sometimes at unseasonable hours, to give the departing soldiers a proper send-off and he wanted them placed in the lead.

Then he wanted Charley DeSilva's drum corps suitably honored and the patriotic band to, for they had been most faithful. Mr. Weir was urgent that measures would be taken soon. If everyone in the county will take hold there need be no heavy burden on any one. Surely every one would be glad to contribute something for the dinner or that occasion. Committees could be appointed in each precinct and solicitors to secure supplies and the burden wouldn't fall heavily on any one. The matter of program could be arranged in due season and thus an event worthy of the occasion could be arranged. Mr. Weir says he would like very much to hear what people think of his plan.

The reason Mr. Weir is so much interested in this matter is owing to the fact that he had been appointed chairman of a committee to be named to arrange for a suitable greeting to the returning soldiers. Decoration Day had been suggested but not fully decided on at the time.

WILL OF C. F. STRANG FILED FOR PROBATE

Disposes of Estate Estimated at Quarter of a Million Dollars—Consists of Large Land Holdings in Morgan and Greene Counties.

The will of Cary F. Strang was filed for probate yesterday in the office of County Clerk Riggs. The estate which consists of large land holdings in Morgan and Greene counties it is estimated will reach in valuation a quarter of a million dollars.

The will was drawn April 15, 1918 and was witnessed by J. Lee Wyatt, J. H. Fuller and H. P. Samuel. A codicil was drawn October 11, 1918 and was witnessed by J. L. Wyatt, J. H. Fuller and Jane Perkins. H. G. Strang and J. L. Wyatt are named as executors of the will.

After providing for the payment of just debts and funeral expenses, the testator provides that \$500 be used for a suitable grave stone.

It is then provided that the sum of \$7,000 be given to the wife of the testator and she is also given the household goods, supplies, grain and other articles upon the home place.

To his children Ella Spencer, Lulu G. Masters, Meda S. Andra and Harry Strang is bequeathed the sum of \$500 each in cash. A codicil to the will of the date of October 11, 1918 provides for the payment of \$5,500 to John, Donald, Martha, Helen and Elouise Strang children of his deceased son, Francis E. Strang.

Mr. Strang died possessed of a large acreage of land in Morgan and Greene counties and this is bequeathed to his children under various conditions. The will is a voluminous document and a detailed description of the land is given by section lines.

TO HONOR RETURNING SOLDIERS

Governor Lowden has written Miller Weir of this city that the latter has been appointed a member of the reception committee to welcome home the Prairie Division and the 149th Field Artillery. B. E. Sunny of Chicago, is chairman.

Mr. Sunny writes Mr. Weir to know surely if he will act and Mr. Weir replied that he would. Next comes the all important matter of getting the division to Chicago as nearly intact as possible. He says it will be something of a problem to get 25,000 men there but it can be done with the active co-operation of the war department. He urges Mr. Weir to communicate at once with the senators from the state and the suitable congressmen on the subject and use every effort to accomplish the object of the adjutant general of the army to give Illinois this much of an opportunity to show its gratitude to its returning soldiers.

A PLEASANT SURPRISE

Monday evening Mr. and Mrs. George Brown residing on East College avenue went out to spend the evening and returning about ten observed a light in the house which was quite surprising. They felt sure burglars wouldn't do that way nor enter the house so early in the evening so they decided to investigate and found to their surprise and pleasure that their daughter, Mrs. Scott and two children had arrived from Chicago and knowing the lay of the land managed to get into the house and make themselves at home. They were permitted to remain on promise of good behavior.

LOCAL MEN ATTENDED Y. M. C. A. CONFERENCE

Sec'y J. S. Findley, Earl Spink and Clarence DePew Return From Three-Day Conference in Peoria—Speakers of Prominence on Program.

Secretary J. S. Findley of the local Y. M. C. A., together with Clarence DePew and Earl Spink, were in Peoria to attend the conference on religious work of the Y. M. C. A. central division. The sessions continued through Saturday, Sunday and Monday and there were delegates in attendance from twenty associations in the central division. Speakers of nationwide prominence were heard, among the number being Dr. Vildet, head of religious work of the international committee and supervisor of religious work in the army Y. M. C. A. Another speaker was F. S. Goodman, in charge of the Bible study department of the international committee.

The state organization arranged the convention with the idea of furthering the activities of the Y. M. C. A. and to create a deeper interest in the work of the association. Various ways were discussed for bringing about a closer relationship between the Y. M. C. A. and other community organizations. The sessions proved of great value to the delegates and it is believed that they will all carry greater enthusiasm into their work because of their attendance upon the conference sessions.

INCREASED RENTS

The Journal: In a recent number of The Journal, the statement was made that on account of the increased cost of building, repairs, etc., landlords are justifying increased rents. An article published in the Courier states that rents have advanced from 25 to 50 per cent in most of the cities of the country. There has been no such advance in Jacksonville—in fact, there has been no advance at all in rentals of most business houses, and very little advance in rents of residence property.

Rates of rental for business property are exceedingly low in Jacksonville—lower than in many cities of half the population. The owner now has to pay increased rates of taxation, special assessments for paving and sidewalks, insurance and for repairs of all kinds. Meanwhile, the farmer is getting more than double the usual price for wheat, hogs, corn, butter, eggs, etc., and there is no reason why the retail price of goods should not be sufficient to cover these increased items of cost, and thus allow the landlord a fair return on his investment.

KILL THE DOGS.

A day or two since a delivery boy in the employ of J. Herman was riding along a street when he was beset by four dogs, thrown from his wheel and badly bruised, requiring the services of a physician. Unfortunately he is unable to saw who are the owners of the dogs so no arrests can be made and no dogs killed. Several attempts at a dog license law have been made in the city but no one craves the task of taking in the unleashed dogs and have the children scream after their pets and so the city has had to stand the animals, but such incidents as this call for drastic action.

FINAL SUMMONS CAME TO HAROLD J. JOHNSON

Well Known Young Business Man Died Tuesday Afternoon—Had Been Ill Only Few Days—Funeral Services Friday.

Death came to Harold J. Johnson one of Jacksonville's best known young business men at his home, 1239 South East street at 5:25 o'clock Tuesday afternoon. About two weeks ago Mr. Johnson became afflicted with a carbuncle on the back of his neck. For a time it appeared that no serious results would follow. However, a week ago he became worse and the everything possible was done death finally came at the hour indicated.

Harold J. Johnson was the son of H. J. and Belle Martin Johnson and was born in Morgan county June 29, 1889. His entire life was spent in the county and city where he attended the public schools and the high school.

Early in life he gave evidence of musical talent and followed in the footsteps of his father who was a member of the original Juvenile band. He joined one of Jeffries boys bands and took instruction on the slide trombone. He developed perfect mastery of that difficult instrument and soon graduated to the Juvenile band afterward the Jeffries band. He did solo work for the band in chautauqua work and concert and also played in orchestra. Mr. Johnson also had histrionic talent and staged several excellent home talent minstrels, as well as taking part in them.

When a mere boy he became associated with his father in the management of their large land interests. He was possessed of splendid business ability and judgment and at the death of his father seven years ago he took up the management of the farms which he carried on with signal success.

A few years ago he took up the management of the Grand Opera house and displayed the same skill in that work that he had shown in other business enterprises. He made the opera house a paying proposition and the position of manager until its closing about a year ago.

Finding that the opening or leasing of the opera house was indefinite, Mr. Johnson who was a human dynamo of energy negotiated a lease of the Buckthorpe building in East State street and remodeled it and on Christmas day opened up the Rialto theater. This enterprise has been a great success because Mr. Johnson maintained the same high standard of pictures and vaudeville that he gave theater patrons at the Grand opera house.

Throughout his life Mr. Johnson loved the companionship of his fellow men. He was a man of genial disposition and liked to fraternize with those about him. He was a member of Grace church and of the Masonic bodies.

In the Masonic fraternity he was a member of Hospitalier Commandery No. 31, Knights Templar, a 32d degree Mason and member of the Mystic Shrine. He also was a member of Favorite lodge No. 376 Knights of Pythias and of Ilderim Temple No. 62, D. O. K. K. and American Federation of Musicians. In all of these bodies he took an active interest and in turn was held in high regard by his fellow members.

The going out of this young man is a distinct loss to the entire community. His was a life of service and its influence will be felt in the years to come.

One of the beautiful and outstanding features of Mr. Johnson's life was his love and devotion to his mother. His thoughts were ever of her and her comfort. This was especially true after the death of his father and to her will go out the sympathy of the entire community in the loss of such a son.

Funeral services will be held from the residence, 1239 South East street at 3 o'clock Friday afternoon in charge of Dr. F. B. Madden pastor of Grace church and will be private. The Knights Templar will have charge of the services at the grave.

Lots of bargains in books, your choice 25c at Obermeyer's.

SOCIAL SERVICE LEAGUE

The directors of the Social Service League met at the Farmers State Bank and Trust Company Tuesday afternoon and heard the report of the superintendent which showed good work being done. Other routine business also was transacted. Mrs. Charles Fawcett was elected a member of the board of directors.

GAVE PARTY FOR

YOUNG LADIES. The young men of Mt. Emory Baptist church entertained the young women of the church at the home of Mr. and Mrs. Pearl Berry on Pine street, Tuesday evening. The evening was spent in music both vocal and instrumental and refreshments were served. The occasion proved a pleasant one for all present.

BROOKLYN CONFERENCE

The third quarterly conference of Brooklyn charge will be held at the church at 4 o'clock this afternoon.

GRACE CHURCH

There will be a meeting of more than passing importance at Grace church at 7:30 o'clock this evening. Rev. W. H. Neil will be the speaker. Dr. Neil is a man of winsome presence and voice and has a message of vital interest. At the close of the prayer meeting there will be a called meeting of the official board. A full attendance is desired.

Better Styles Than Ever Before

New Shipments Coming in Daily

This season every one wants style. It's only natural; we've all had a big job on our hands; saving, military service, didn't have much time to think of style.

Now it's all over; the boys are coming back; everybody's happy; they want clothes that express their spirits, and we've got them; that's our job to see that you get the best, authentic ideas.

Hart Schaffner & Marx

A Real Grain Farm of 922 Acres for Sale

Located in Scott Co., all fine bottom land except 25 acres sandy soil, every foot in cultivation. At this time there are 700 acres of fine growing wheat, and 300 acres sown to clover; balance of land for corn and oats.

There are three sets of improvements on the land, all located on public roads. If you are looking for one of the best large farms in Scott Co., do not fail to look this over, it certainly is fine. Price of this farm is \$290 per acre and can be bought on the following terms:

10% of purchase price to be paid at signing of contract; 30% or more on March 1, 1920; balance can remain on farm for term of years at 6% interest, or it can be paid on March 1st, 1920.

Possession to be given March 1st, 1920, with permission to plow and sow wheat or any other crop after harvest this year; all rents and crops reserved this season.

Located four miles from railroad market.

THE JOY OF MOTHERHOOD

Mrs. Phillips Sends an Encouraging Letter to Expectant Mothers.

West Philadelphia, Pa.—"I took Lydia E. Pinkham's Vegetable Compound for five months before my baby was born and it has made me much better in health. I was always very ill when my other children were born, but with this one I had a much easier time. He is a big healthy boy now, three years old, and I believe it was Lydia E. Pinkham's Vegetable Compound that made me so well. It is certainly a good medicine for every woman. I cannot say too much in its favor, and you may publish my testimonial."—Mrs. W. PHILLIPS, 3430 Kingsessing Avenue, West Philadelphia, Pa.

The reason that thousands of women from all parts of the country write such letters is that this famous old root and herb remedy, Lydia E. Pinkham's Vegetable Compound, has brought health and happiness into their lives, once burdened with pain and illness.

For special advice in regard to such ailments write Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of its many years experience is at your service.

Is Your Blood Starving For Want of Iron?

Modern Methods of Cooking and Living Have Made an Alarming Increase in Iron Deficiency in Blood of American Men and Women

Why Nuxated Iron so Quickly Helps Build Up Weak, Nervous, Run-Down Folks—Over 3,000,000 People Annually Taking It to Increase Their Strength, Power, Energy and Endurance.

"Is your blood starving for want of iron? If you were to go without eating until you became weak, thin and emaciated, you could not do a more serious harm to yourself than when you let your blood literally starve for want of iron—iron that gives it strength and power to change food into living tissue," says Dr. James Francis Sullivan, formerly physician of Bellevue Hospital (Outdoor Dept.), New York, and the Westchester County Hospital.

"Modern methods of cooking and the rapid pace at which people of this country live has made such an alarming increase in iron deficiency in the blood of American men and women that I have often marvelled at the large number of people who lack iron in the blood, and who never suspect the cause of their weak, nervous, run-down state. Lack of sufficient iron in the blood has ruined many a man's nerves and utterly robbed him of one of the greatest of all strength and blood-builders and unless this iron is obtained from our food it must be supplied in some form that is easily assimilated if we want to possess power, energy and endurance."

"What women need to put rosy in their cheeks and the springtime of life into their step is not cosmetics or stimulating drugs but plenty of rich pure red blood. Iron is one of the greatest of all strength and blood-builders and unless this iron is obtained from our food it must be supplied in some form that is easily assimilated if we want to possess power, energy and endurance."

"I have found nothing in my experience so effective for helping to make strong, healthy red-blooded men and women as Nuxated Iron."

Nuxated Iron is a form of iron which is prepared and recommended solely by physicians. It is not a secret remedy but one which is well known to druggists everywhere. Unlike the older inorganic iron products it is easily assimilated and does not injure the teeth, make them black nor upset the stomach. The manufacturers guarantee successful and entirely satisfactory results in every purchase or they will refund your money. It is dispensed by all good druggists.

The Facilities for Distribution of the The Standard Oil Company (Indiana)

THE service which, at all times, the Standard Oil Company (Indiana) is prepared to render its patrons, rests securely upon a solid foundation of complete distribution.

To perfect a system which shall make every product manufactured by the Company instantly available to anyone, anywhere, any time, has been the goal toward which this Company has been working since the day of its organization.

As yet this ideal has not been achieved; but the system as it stands is conceded to be the most perfect of its kind in the world.

The present equipment for distribution, including grounds, buildings, storage tanks, motor trucks, wagons, etc., represents an investment of more than \$80,000,000.

There are 37 main stations where complete stocks of all products are kept on hand. Supporting these are the bulk stations located at 3881 carefully selected points in 11 states. These stations are equipped with storage tanks having a combined capacity of 86,113,650 gallons of gasoline, 66,115,300 gallons of kerosene, and 4,300,000 gallons of lubricating oils.

It is necessary to carry this tremendous stock—total 156,528,950 gallons—at all times to insure quick, convenient service to the patrons of the Standard Oil Company (Indiana) wherever they may be, regardless of transportation difficulties or weather conditions.

To enable the Company to fulfill its obligations to patrons, and deliver to them the products they require, it is necessary to maintain a fleet of 3700 motor trucks and a caravan of 3500 horse-drawn wagons, either active or in reserve. These tank wagons are so organized that they, at regular intervals, can reach 75% of the homes in the territory at present served by this Company.

Supplementing the wagons, an equipment of 530,000 iron barrels, representing an investment of more than \$1,000,000, is kept in service to insure the safe delivery of oil and gasoline, even to those remote places where the dark-green tank wagon never has penetrated.

For the convenience of the motoring public, a chain of 4300 service stations has been organized and many others are in the course of construction. These stations are prepared at all times to supply the motorist with his requirements of gasoline and lubricating oils in any quantity and at the lowest prices.

This, in outline, is the distribution system upon which the service of the Standard Oil Company (Indiana) rests.

It is the hope of the Company that the time is not far distant when no person in the territory served will be more than five or six miles from a Standard Oil Company (Indiana) service station if he lives in the country, or more than one mile away if he lives in a town or city.

BLUFFS HONORS MEMORY OF SOLDIER

Oak Tree Planted Friday Afternoon in Memory of Charles Wolford, Who Died in France Nov. 12—Entertainment For Benefit of School Library—Other News.

Bluffs, April 29.—Memorial services were held at the school ground Friday afternoon and an oak tree was planted in memory of Charles Wolford, a former pupil of the school who made the supreme sacrifice in France Nov. 12th. A splendid program as follows was prepared for the occasion:

Song, America. "The Bivouac of the Dead," reading by Miss Ruth Kilpatrick. Arbor Day Song, High School quartet. Private Elmer Thorn who participated in the stormy battles of the Argonne Forest gave a very interesting talk of the experience of one soldier boy in France. Elmer was seriously wounded and was in the hospital for several months prior to his return to the states and he is sure glad to be home again.

Rev. E. J. Rees read an Arbor Day selection and in conclusion read the beautiful poem. The Brave Old Oak. Charles Wolford Jr., aged 7 years and son of Private Charles Wolford, Sr., then stepped forward and gently held the stately oak while it was being planted by the Superintendent R. L. Newenham and other teachers. Royal Oakes, president of school board and George Brown, member of school board. After the benediction by Rev. E. J. Rees, the people passed to their respective homes, each hoping to see this memorial tree grow and shelter the children of the future from the burning rays of the sun for many years.

A musical entertainment was given at the auditorium of the high school Friday night for the benefit of the school library. A goodly number was in attendance and the numbers were much appreciated.

A little daughter was born to Mr. and Mrs. Maurice O'Brien Wednesday of last week. Maurice is overseas but will gladly welcome the little lady. The two grandmas, Mrs. Thomas O'Brien and Mrs. J. B. Thompson are vying with each other in their care for the little one until the proud daddy returns home.

Mrs. Caroline Williams of Chapin attended the memorial exercises in memory of her brother, Charles Wolford, Friday afternoon.

Mrs. Helen Augustine was a business caller in Jacksonville Saturday.

Mrs. Arthur Huntington and daughter, little Miss Virginia of Curran are guests of Mr. and Mrs. Jack Maines.

Misses Forrest and Freda Adams of Naples are the guests of Mrs. Halpin Denton and mother Mrs. Mary Beagles.

Rev. F. H. Rathrop exchanged pulpits with Rev. Stretton of Griggsville Sunday.

LITERBERRY SCHOOL TO CLOSE FRIDAY

Children Plan to Have Picnic on Last Day of Term—Dinner Party in Honor of Return Soldier—Other Literberry News Items.

The Literberry College will close school on Friday, the second day of May. The children are expected to have a picnic dinner on that day. Jesse Litter had a birthday last Sunday and his wife prepared an elaborate dinner and invited some of his friends in to help eat the good things.

Ernest, Willard and John Young and their families, were invited to Ashland on Sunday to attend dinner given by Mr. and Mrs. Doc Litter, in honor of their son Melvin a returned soldier from France.

Mr. and Mrs. O. M. Petefish and Mr. and Mrs. Ona Crum attended a six o'clock dinner last Thursday given by Mr. and Mrs. Charles McDonald at their home northeast of Jacksonville. This occasion was in honor of Miss Lucy Asplund, of the Woman's College. Miss Asplund and Mrs. McDonald were childhood friends. Mr. and Mrs. James McDonald of Jacksonville were present.

Mrs. Sallie Collins is on the sick list.

Rev. Smith filled his regular appointment Sunday morning at evening at the Baptist church. The morning subject was "The Holy Spirit." The Lord's Supper was observed, after the sermon.

Billy Cooper of Concord was calling on friends here last Wednesday.

Uncle Jack Henderson of Cozy Cottage walked from his home to Sunshine Cottage, a few days ago, and made us a pleasant visit.

Mrs. W. E. Murray was able last week to go out walking, and meet some of her friends.

James Johnson of Arcadia was in our town last Friday.

Jesse Litter of "Blue Grass Corner" is busy putting paint on "Seven Gables" the property of Mr. and Mrs. S. H. Crum which is on Broadway.

Carl W. Yancy now at St. Aignan, France, has sent his niece, Helen Young, a nice souvenir post card, from over the sea; this card is in colors, with flag of France embroidered in one corner and the stars and stripes just opposite, with a red rose for the center. The foundation of the fancy work is white silk on one side with a tiny pocket containing a little name card, while the front side is polished paper with name and address. There is a great deal in this little piece of ornamental work, and Miss Helen is proud of her card from France.

A big healthy looking stranger was on our streets Wednesday, showing a bottle of yellow medicine and trying to sell it. Our people did not buy.

BROWN'S BUSINESS COLLEGE RECEIVES BOOKS

Brown's Business College has received a very useful and substantial gift in the way of a number of books from its retiring principal, Professor G. C. Claybaugh.

The collection includes several volumes on "Modern Business," such as "Economics of Business," "Business and the Man," "Salesmanship and Sales Management," "Organization and Control," and others which will prove of great benefit to the students attending the Business College for many years to come.

This gift is worthy of great appreciation not only because of its cash value, but because it was selected from Mr. Claybaugh's own private library, and includes volumes which he prized very highly.

A beautiful new bookcase has been provided, and in all, a very useful addition to the College has been made, which not only proves Mr. Claybaugh's generous nature but his kindly interest in the College, even tho he is leaving soon. It is hoped that his idea will be enlarged from time to time, and that the students will derive from the books the benefit which he desires.

Luther Crawford was up to the city from Pisgah yesterday.

3 WAYS TO KEEP YOUR CAR AT ITS BEST

Neglect, more than wear and tear, kill the qualities that first made your car a pleasure and comfort. Not intentional neglect, but just because you didn't have the necessary remedies at hand.

Here are three AD-EL-ITE Auto Specialties for you to buy and use when the car needs them.

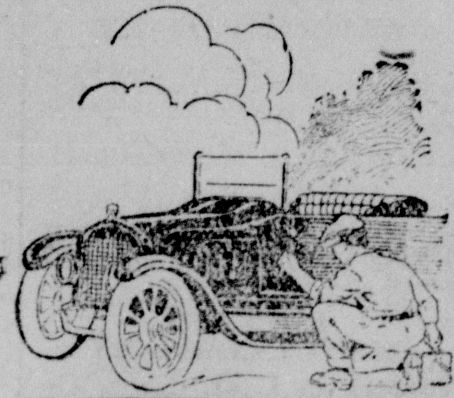

FOR TROUBLESOME MOTORS

You can't stop the carbon from forming, but you can prevent trouble by getting rid of it.

AD-EL-ITE Motor Carbon Remover makes it a quick, simple job. Pour a little in, start the motor, and in a few moments your trouble will be over. No lay up.

Cleans out the hardest carbon without damage or danger. It cannot injure metals.

Thoroughly removes carbon and the cause of knocking, back-firing, valve trouble, fouled plugs, hard starting, missing, and a waste of from 10 to 25% in gas and oil.

OLD CARS MADE LIKE NEW OVER NIGHT

You will take more pride in your old car if you renew its youth and beauty yourself.

AD-EL-ITE COLORED VARNISHES

are easily applied and give splendid results for the owner who does the job at home.

The finish dries over night. Dust free—many attractive colors. Gives an economical lasting finish and does not streak or lap. Economy and perfection combined.
